Open Discussion about Electricity installed at our club field.

Howard provided 2 different estimates and communicated.

“(1) would be the path I think looks the best, which is approximately 1460 ft (estimate on that would be \$ 20530.04 minus a \$ 3000.00 credit you get, total then of

\$17530.04”

“(2) would be approximately 2000 ft (estimate on that would be \$ 25601.41 minus a \$ 3000.00 credit you get, total then of \$ 22601.41”

“These are fairly close estimates, subject to change some depending on exact footage and daily price change on materials.”

The funds raised will go into the eclectic power fund from this raffle money. The Jet Event and our Warbird Event should put us over the top to pay for electricity for our club.
