Current Business and status updates:

- Current roster has 80 members.
- Padget Spencer and Gray Kirby have donated an AED to the club. The AED is located in the Hawks hanger over the power panel. Pending: Padget and Gray will have a training for the club members. Planning for September
- Replace pilot station fence. Chris Baker is going to head up the task now. Status: complete using the same fence as before and looks great. THANKS Chris Baker and James Miller. Total cost \$1156.20 from the \$2000 donated by Tammy.
- Considering a Zoom meeting once a quarter. Padget will work on the AV issues for such a meeting. Padget discussed and the cost including internet access will be over \$1000. Discuss was not to go forward with this. Charlie motion and Chris second; unanimous approval not to go forward with this project.
- Butch is working on getting an estimate on Spectator Parking signs. He got them free from a friend.
- Parking passes for events were reviewed. We should probably try to take care of guest first. No specific plans are in place, but it is important to communicate any potential changes.
- Should we consider a second Heli event maybe in October? John does not want to go forward with this.
- Should the club consider purchasing lights for the Heli events instead of renting? Continued for further information on pricing.
- Consideration should be made to reward those who helped with special projects (i.e. electric project) and CD should be taken out to dinner to thank them for their extra efforts

New Business:

- James Miller made the suggestion that the Electric Event be renamed the Tim Anderson Memorial Electric Event. Ken motion; John Tilley second; and it was approved unanimously by the members.
- The club's mailing address is 5888 Poindexter Road, East Bend. This can be added to all club and event materials.
- Padget distributed Thank you cards for the Officers to sign to send to Tammy for her contribution to the Warbird event. Thanks for doing this!
- There was \$400 in damage to the port a john and their motion by Charlie and Ken to approve the repairs. Unanimous approval by the members.

50/50 Drawing: 61 dollars were collected and John Tilley won. He wanted all the money donated to the club.

Meeting closure: Charlie made a motion to close the meeting and Ken seconded; meeting was closed with unanimous approval.
